She shared that she lives in The Shores, and as a concerned homeowner and mother, she is approaching the City to urge action to make Ridge Road West a safer roadway. She shared that she recently met with Councilmember Thomas, and also the Rockwall Police Department has amped up monitoring along the roadway.**

However, the roadway is not safe enough. She would like crosswalks installed at certain intersections. She would also like additional "Children at Play" signage as well as reduction of the speed limit by 5-10 mph. She shared that rumble strips may be a good option for us here in Rockwall, as her husband who is a driver for Dallas Fire Rescue, has suggested he believes these strips work well in certain neighborhoods in Dallas. She respectfully thanked Council for consideration of her concerns.

Bob Wacker  
309 Featherstone  
Rockwall, TX

Mr. Wacker came forth to speak about Chapter 380 agreements, acknowledging they are done in private; however, he would like for the public to be more readily made aware of these agreements. He suggested that a briefing of the details of each agreement be publicly read (like ordinance captions are) and that the agreements themselves be permanently attached to approved minutes. He went on to also speak about the city's Comprehensive Plan, sharing that he has concerns about the term "ultra-low density," which is typically defined as 'estate.' He went on to share some suggestions about how to define density levels when the city's Comp Plan is again reviewed by the Council appointed citizen committee. Mrs. Smith, City Manager, indicated that Chapter 380 agreements are public record, and they are uploaded to the TX Comptroller's website where anyone may freely access them.

There being no one else wishing to come forth and speak at this time, Mayor Johannesen then closed Open Forum.

The motion to approve the entire Consent Agenda passed by a vote of 7 ayes to 0 nays.

**XII. Action Items**

1. Discuss and consider proposed changes to the city's solid waste collection services contract, and take any action necessary.

City Manager Mary Smith explained that staff has done what Council previously requested, which was to research garbage-related costs and service levels / structures that various cities throughout the metroplex currently have in place. She went on to explain that information from this research has been included in the informational packet for review by the public and by Council.

Councilmember McCallum thanked staff for putting the information together and the mayor for his suggestion to have surveys done. He then shared his own analysis of the current proposal from Republic, explaining that service levels and the way service is structured in other cities makes it hard to pinpoint how our city's proposed service fits into the comparison with other surveyed cities. He explained the analysis he has done, and noted it showed that the average rate charged for one time per week pick up versus our proposed rate was 27.5% higher than the average of other surveyed cities, and, among the twice per week pick up cities surveyed, our current rate was 18.89% lower on average than those cities surveyed. He commented about this being a \$53 million contract that has a built-in cost escalation annually. He went on to share that he believes going out for bid could result in savings to the citizens. At a minimum, even if the city does not go out to bid, he urged the council to direct staff to at least go back to the current vendor and attempt to further negotiate a "best and final" proposal as far as pricing is concerned.

Mayor Johannesen wonders how McCallum's data and analysis accounts for cities that were included in the research that are located across the lake and take garbage to different landfills. Councilmember McCallum acknowledged his analysis did not account for distances from the landfills. Rick Bernas with Republic Waste came forth and shared details regarding his own analysis, including evaluating the distance (and estimated traffic-related times) from the landfills (for both Rockwall and for other municipalities that were included in the research).

During the discussion, Councilmember Thomas shared that he did a lot of research, by taking a 'trust but

verify approach' in calling and speaking himself to representatives in other cities. In part, he shared that most residents in other cities are used to (only) once per week trash pickup. He pointed out that the rates that get charged to the customers are subsidized, in some cases, by other cities. It's really the bulk pick up and extra carts that reflect the large variances among pricing from city to city. Things like requiring that bulk be bundled (or not) as well as some contractors who will not pick up trash if the lid of a cart does not shut all the way are, in some regards qualitative matters, but they also have quantitative impacts on citizens. He shared that most are moving way from twice per week pick up (even if they have had twice weekly pick up in the past). He believes that with our city having mature trees and vegetation, the bulk pricing is what is going to have the heaviest impact on our costs. He went on to share that when he previously put forth a motion to move forward with staying with Republic and approving the proposed rate at the last meeting, he had done extensive research, and – since that time – he has researched even further. So, he expressed his stance has still not changed. He still believes that the city should move forward with Republic and its proposed rates and structure (re: once per week, not having to bundle bulk, etc.).

Councilmember Lewis shared that citizens not having to bundle bulk is a big deal (an advantage). Also, he shared that landscapers in our city take advantage of our city's bulk pick up that Republic has been providing. He believes that a limitation of 6 cubic yards may be problematic because he wonders what will happen when only half of what is put out is picked up, and the remainder of the pile remains still sitting there. He believes that making people purchase extra bag tags for pickup of additional (regular) trash may also be problematic.

Mr. Bernas briefly commented about homes in Rockwall located on very, vary large estate lots that put out larger amounts of bulk trash and are in essence being subsidized by those who are on smaller lots who put out far less bulk or put out no bulk trash at all.

Councilmember Campbell commented that she has heard citizens express concerns about going from twice per week pick up down to just once weekly as well as concerns related to the increased cost. Especially given going from twice per week pick up to only one time per week, she wonders if the cost could come down some, below \$25 to maybe \$23.50 or \$24. She also has concerns about 'extra tags' having to be picked up and paid for at city hall if a resident periodically has extra trash that needs to be picked up. Mrs. Smith shared that she has heard some individuals comment that, rather than pay \$3.00 for one extra bag of trash (one tag), they would just rather pay a \$5 rental for a second cart for the whole month. She has also heard some concerns from those living in other cities who have Republic as their service provider, specifically related to bulk and associated aesthetics.

Mr. Bernas provided comments pertaining to costs, including topics like adding routes, growth, traffic, travel times to the landfill, etc. The landfill Republic takes Rockwall's waste to is 8-9 miles away off of George Bush at the Miles/Merit Road exit. He believes that \$25 is right in line with where every other provider is at. Councilmember Lewis asked for clarification on what twice per week pick up might realistically cost nowadays. Mr. Bernas shared that it would be in "in the \$30s." Councilmember Lewis shared that one big positive is that staff members will get off of the back of the trucks (because the pick up will become automated), and that is a big positive for safety-related reasons.

Councilmember McCallum shared that he realizes there did not previously seem to be support for going out for bid; however, even a small reduction in the monthly rate would make a difference. So he again urged Council to consider directing staff to further negotiate with Republic to arrive at a 'best and final' offer. He has heard citizens express they do not want twice weekly pickups taken away, they have

expressed concerns about bulk, and they especially do not want to have to go obtain tags/stickers – they do not want to become Austin.

Mrs. Smith shared that back in October the Council directed her to negotiate with Republic Waste, so in January, she explained that she did so. Through that process, the pricing and service structure got whittled down and arrived at and brought forth in its current form for consideration. She explained that it originally started out at a higher monthly rate with other things like the rate for the extra carts being originally higher but adjusted down and commercial rates being adjusted as well as how much (volume of) bulk twice monthly, etc. McCallum asked if anything about the most recent data would cause Mrs. Smith to change her assessment at all. Mrs. Smith commented that it would not particularly change her assessment. She shared that if the city is going to try and negotiate the price down even further than that which has already been negotiated, the city will likely have to figure out what it is going to give Republic in return. Councilmember McCallum commented that if that's the case, he definitely thinks the city should go out for bid.

Councilmember Moeller commented about “corporate philosophy,” asking Bernas to summarize Republic's past history of ‘giving back to the community’ and asking if the company will continue that practice moving forward. Mr. Bernas shared that the company has given hundreds of thousands of dollars back to the Rockwall community, and – after giving one example of how they gave back during Covid to help support local restaurants – he confirmed the company will continue doing those sorts of things.

Mayor Johannesen indicated that he is satisfied with the negotiations that have transpired so far, and he believes the data shows that thing are ‘right in line.’ He then moved to instruct staff (the city manager) to execute the contract as presented. Councilmember Thomas seconded the motion. He believes a lot of research has been done, and he is glad the data / information has been included in the meeting packet so that the citizens can see the level of effort that went into this prior to the Council reaching the point of saying, “we are comfortable with the numbers.”

Councilmember Lewis shared that he is still hung up on the bulk limitation(s). He believes Republic has done a great job, but he wonders if there is any ‘give’ on the 6 yards of bulk limitation. Mr. Bernas shared that it is twice / month – over 120 yards to be used for bulk and brush per year - and bulk is what drives the price up. He explained that the company has to try, somehow, to control the cost and the amount, and requiring that bulk be bundled is one way to control quantities and cost; however, this proposal is not requiring bulk to be bundled. He went on to share that ‘unlimited bulk’ is a thing of the past. Councilmember Lewis again expressed his belief that the limit on the volume of bulk per pick up will be problematic for citizens. Councilmember Campbell shared that she has a problem with the pricing, and that is the feedback she has personally heard from citizens she has spoken to previously. Councilmember McCallum shared that the city will have gone twenty-two years without going out for bid, and for that reason, coupled with several other reasons (i.e. a price increase for half the service), he will not be able to support the motion this evening.

The motion then passed by a vote of 4 ayes with 3 nays (Campbell, Lewis and McCallum).

2. **MIS2025-004** - Discuss and consider a request by Phil Wagner of the Rockwall Economic Development Corporation (REDC) for the approval of a Miscellaneous Request for a Variance to the Utility Placement requirements of the General Overlay District Standards to allow overhead utilities along a portion of SH-276 between John King Boulevard and Rochelle Road and a portion of Corporate Crossing [FM-549] between the IH-30 Frontage Road and SH-276, City of

Rockwall, Rockwall County, Texas, being right-of-way, and take any action necessary.

Planning Director, Ryan Miller provided background information concerning this agenda item. On July 5, 2022, the City Council approved a request REDC to allow the overhead powerlines along Corporate Crossing and SH-276 to remain in place until July 5, 2027, at which time the REDC planned to underground the lines. According to a letter submitted by the REDC, this extension was necessary due to "... four (4) projects and two (2) regional detention ponds in the development pipeline that ... [would] be impacted by these existing OH [overhead] utilities [i.e. the powerlines located adjacent to Corporate Crossing and SH-276]." Since this approval, the REDC has completed one (1) of the two (2) regional detention ponds, with the second currently in the engineering phase. Additionally, one (1) of the four (4) development projects -- Integrated Defense Products (IDP) -- has been completed, while another project -- Chewters Chocolates -- is currently under construction. The applicant is now requesting that the existing, overhead power lines be allowed to remain in place in perpetuity. The REDC is indicated that \$500k has already been spent on design costs, and an additional \$9 million is the estimated project cost (for putting the lines underground). Mr. Miller went on to explain that granting this request is a discretionary decision on the part of Council. The city's Planning & Zoning Commission recently voted 5 to 0 (with two commissioners absent) to recommend denial of this request.

Mayor Johannesen commented that he watched the P&Z Commission meeting, and he believes that P&Z did not have all of the contextual facts and information necessary when making their decision on this request.

Justin Lee, Chairman of the REDC, came forth and briefly introduced John Hohenshelt (REDC Boardmember) and Phil Wagner (Executive Director). Hohenshelt then came forth and briefly requested Council consideration pertaining to this request, indicating that he wrote a brief, one-page summary of the REDC's request, which has been provided to Council in its informational meeting packet this evening. He briefly explained that the REDC Board voted unanimously to not spend REDC monies (taxpayer funds) to bury the power lines.

Councilmember McCallum shared that he and Councilmember Lewis (REDC liaisons) did not know this was going to be on the agenda, and he wishes they would have known since they may have been able to solve some of the issues. He asked for clarification, indicating he believes this request would exclude both public and private property owners from ever having to bury the power lines. He went on to express he does not believe that taxpayer dollars should be spent on private industry. He went on to express his belief that all private land (not owned by the REDC) should be taken out of the variance.

Councilmember Campbell asked for clarification on why these regulations were adopted (to bury powerlines) twenty years ago. Mr. Miller shared that originally the reason for burying power lines was for aesthetics only, but it also avoids impacts to power lines due to inclement weather (such as ice, high winds, etc.). City Manager, Mary Smith, commented that at Rockwall County Days, a person from the Public Utility Commission of TX spoke and was asked about if the state and/or Oncor would be putting money into burying above-ground power lines. The PUC representative indicated he does not believe that will happen and that putting them underground is no safer than having them above ground. Councilmember Campbell went on to share that she does not believe the city should be burying powerlines – period.

Councilmember McCallum clarified that he believes that all private owned lands need to be exempted

from this variance request, if Council is to approve the variance this evening. The city attorney, Frank Garza, shared that the REDC only has the authority to request a variance related to property the REDC owns.

Following Mr. Miller summarizing the REDC's original request from 2022 and the various reasonings for it, Councilmember McCallum went on to make a motion to approve the variance subject to all private-owned lands being taken out and all REDC-owned properties will remain within the variance (and the variance is kept as part of the land, regardless of future ownership, and it pertains to properties within the boundaries of the REDC's Tech Park along SH-276 and Corporate Crossing. Councilmember Lewis seconded the motion.

Indication was given that this action will pre-empt the other, previous variance. Councilmember Lewis clarified that he is seconding and voting on a motion that means that the REDC is never going to have to bury power lines along the boundary lines of the Technology Park, and if the REDC sells some of the properties, the new owners will not have to bury the power lines either. Mayor Johannesen indicated that all council members seem to be in agreement that it is not a good idea to use public tax dollars to pay to bury power lines. Following the additional clarifying commentary, the motion passed by a vote of 7 ayes to 0 nays.

### **XIII. Public Hearing Items**

1. **Z2025-011** - Hold a public hearing to discuss and consider a request by Tyler Adams of Greenlight Studio on behalf of Matt Zahm of ZAPA Investments, LLC for the approval of an **ordinance** for a PD Development Plan for seven (7) *Townhomes* on a 0.87-acre parcel of land identified as Lot 3, Block A, Harbor Hills Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 32 (PD-32), situated within the *Interior Subdistrict* and the *Residential Subdistrict*, generally located on the northeast side of Glen Hill Way, northwest of the intersection of Glen Hill Way and Ridge Road [FM-740], and take any action necessary (**1st Reading**).

Planning Director, Ryan Miller, provided background information pertaining to this agenda item. On February 14, 2025, the applicant submitted an application requesting the approval of a *PD Development Plan* to allow the development of seven (7) townhomes on the subject property at the northwest of the intersection of Glen Hill Way and Ridge Road [SH-740] across the street from the Glen Hills Cemetery. Based on the proposed concept plan, the townhomes are split into two (2) buildings, with four (4) townhomes facing directly onto Glen Hill Way and the remaining three (3) townhomes facing onto an internal mew street. In addition, there will be three (3) guest parking spaces, two (2) park benches, and two (2) dog waste stations. The townhomes incorporate elements of the Tuscan architectural style and utilize earth tones. The internal mew street will be constructed of concrete, have no sidewalks, and have pedestrian lighting. On February 21, 2025, staff mailed 47 notices to property owners and occupants within 500-feet of the subject property. Staff also notified the Lago Vista Homeowner's Association (HOA), which was the only HOA within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was drafted, staff has received four (4) notices in favor and two (2) notices in opposition of the applicant's request. On April 15, 2025, the Planning and Zoning Commission approved a motion to recommend approval of the PD development plan by a vote of 5-1, with

Commissioner Hagaman dissenting and Commissioner Thompson being absent.

Mayor Johannesen then opened the public hearing, asking if anyone would like to speak at this time. There being no one indicating such, then closed the public hearing.

Tyler Adams (applicant)  
100 Cottonwood Drive, Suite 104  
Richardson, TX

Mr. Adams came forth and provided a brief presentation to Council concerning this request.

Councilmember Thomas asked what size these units will be. Mr. Adams indicated that the smallest bedrooms within the units would be 12' x 12'. He shared that they would technically be four-bedroom units; however, they may market them with one of those being an office. He indicated that they will market them to professionals, and when asked by Councilmember Thomas if the units will be 'for sale' (or only lease), Mr. Adams indicated he cannot really answer that question.

Councilmember McCallum sought and received clarification from Mr. Miller concerning the original intent of these lots, which were for zero lot line / patio homes; however, a previous approval already changed the original intent (when PD-32 was put into place). He asked if Mr. Miller believes what is being proposed meets the city's anti-monotony requirements. Mr. Miller shared that it does seem to be within the spirit and intent of those requirements, specifically related to the positioning of the units from the curb, the varying roof pitches and heights, varying materials that will be used, and varying entryways. Councilmember McCallum went on to share that he cannot support this because what is being proposed has shared walls between units. Therefore, it is multi-family housing, and he cannot support its approval.

Mayor Johannesen expressed concerns about this proposal being 'non-conforming' in several ways, so – although he would normally not be in support of overturning a Planning & Zoning Commission decision – he is having trouble with this one.

Councilmember Moeller generally shared that, considering this particular parcel and its topography, he is not particularly concerned.

Giving indication that for the purpose of progressing the meeting along, Mayor Johannesen moved to approve Z2025-011. Councilmember Moeller seconded the motion. The ordinance caption was read as follows:

**CITY OF ROCKWALL  
ORDINANCE NO. 25-XX**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING PLANNED DEVELOPMENT DISTRICT 32 (PD-32) [ORDINANCE NO. 17-22] AND THE UNIFIED DEVELOPMENT CODE [ORDINANCE NO. 20-02] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO APPROVE A PD DEVELOPMENT PLAN FOR EIGHT (8) TOWNHOMES ON A 0.871-ACRE PARCEL OF LAND IDENTIFIED AS LOT 3, BLOCK A, HARBOR HILLS ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED AND DEPICTED HEREIN BY EXHIBIT 'A'; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND**

DOLLARS (\$2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion to approve passed by a vote of 4 ayes with 3 nays (Jorif, Johannesen, McCallum).

2. **Z2025-012** - Hold a public hearing to discuss and consider a request by David Gamez for the approval of an **ordinance** for a Specific Use Permit (SUP) for *Residential Infill in an Established Subdivision* on a 0.17-acre parcel of land identified as Lot 3, Block A, Gamez Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, situated within the Southside Residential Neighborhood Overlay (SRO) District, addressed as 614 E. Boydston Avenue, and take any action necessary (**1st Reading**).

Mayor Johannesen announced that this public hearing will transpire at the May 5 city council meeting.

3. **Z2025-013** - Hold a public hearing to discuss and consider a request by Brandon Spruill of Spruill Homes on behalf of Hallie Fleming for the approval of an **ordinance** for a Specific Use Permit (SUP) for *Residential Infill in an Established Subdivision* on a ten (10) acre tract of land identified Tract 22-02 of the W. M. Dalton Survey, Abstract No. 72, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 588 Cornelius Road, and take any action necessary (**1st Reading**).

Planning Director Ryan Miller provided background information pertaining to this agenda item. The applicant would like to construct a one-story 4,862 SF single-family home. On March 18, 2025, staff mailed 82 notices to property owners and occupants within 500-feet of the subject property. There are no Homeowners Associations (HOAs) within 1,500-feet of the subject property participating in the Neighborhood Notification Program. At the time this report was drafted, staff had not received any notices back regarding the applicant's request. On April 15, 2025, the Planning and Zoning Commission approved a motion to recommend approval of the Specific Use Permit (SUP) by a vote of 6-0, with Commissioner Thompson absent.

Mayor Johannesen opened the public hearing, but no one indicated a desire to come forth and speak. So, he closed the public hearing.

Councilmember Thomas moved to approve Z2025-013. Councilmember Lewis seconded the motion. The ordinance caption was read as follows:

CITY OF ROCKWALL  
ORDINANCE NO. 25-XX  
SPECIFIC USE PERMIT NO. S-3XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE (UDC) [ORDINANCE NO. 20-02] OF THE CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) FOR RESIDENTIAL INFILL IN AN ESTABLISHED SUBDIVISION TO ALLOW THE CONSTRUCTION OF A SINGLE-FAMILY HOME ON A TEN (10) ACRE PARCEL OF LAND, IDENTIFIED AS TRACT 22-02 OF THE W.M. DALTON SURVEY, ABSTRACT NO. 72, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS;

AND MORE SPECIFICALLY DESCRIBED AND DEPICTED IN *EXHIBIT 'A'* OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS (\$2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion to approve passed unanimously of Council (7 ayes to 0 nays).

4. **Z2025-014** - Hold a public hearing to discuss and consider a request by Alexander Trujillo for the approval of an ordinance for a Specific Use Permit (SUP) for *Minor Automotive Repair Garage* on a 2.692-acre parcel of land identified Lot 5, Block A, Platinum Storage Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, addressed as 1460 T. L. Townsend Drive, Suite 116, and take any action necessary (**1st Reading**).

Planning Director, Ryan Miller provided background information regarding this case. The applicant would like to lease this portion of the overall building in order to operate a business that focuses on vehicle window tinting and vinyl wrap. The customers would be scheduled by appointment only and no overnight vehicle storage will be requested. This type of business requires an SUP within a commercial district. The applicant's request does appear to meet all city standards; however, its approval is a discretionary decision on the part of Council. Staff mailed out 16 property owner notifications to owners and occupants within 500' of the subject property. So far, no notices have been returned (neither 'for' or 'against') concerning this request. In addition, the city's Planning & Zoning Commission has recommended its approval by a vote of 6 – 0.

Mayor Johannesen asked if anyone would like to speak during this public hearing. There being no one indicating such, he closed the public hearing.

Mr. Trujillo, the applicant, then came forth and provided brief comments to the Council regarding this request. Councilmember Campbell asked if vehicles will be stored outside. Mr. Trujillo shared that there will be no need for such storage, and they will never be outside. Mr. Miller shared that they would not be allowed to have outside storage overnight. Councilmember Lewis asked if there will be any offensive smells associated with this business. Mr. Trujillo shared that, no, the main product used will be alcohol.

Councilmember Lewis moved to approve Z2025-014. Councilmember Campbell seconded the motion. The ordinance caption was read as follows:

CITY OF ROCKWALL  
ORDINANCE NO. 25-XX  
SPECIFIC USE PERMIT NO. S-3XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE (UDC) [*ORDINANCE NO. 20-02*] OF THE CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW A *MINOR AUTOMOTIVE REPAIR GARAGE* ON A 2.692-ACRE PARCEL OF LAND IDENTIFIED LOT 5, BLOCK A, PLATINUM STORAGE ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; AND MORE SPECIFICALLY DEPICTED IN *EXHIBIT 'A'* AND *EXHIBIT 'B'* OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A

PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS (\$2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion to approve passed by a vote of 7 ayes to 0 nays.

5. **Z2025-015** - Hold a public hearing to discuss and consider a request by Javier Silva of JMS Custom Homes for the approval of an **ordinance** for a Specific Use Permit (SUP) for *Residential Infill in an Established Subdivision* and a *Guest Quarters/Secondary Living Unit* on a 0.42-acre parcel of land identified as Lot 2, Block 1, Shaw Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family 7 (SF-7) District, addressed as 403B S. Clark Street, and take any action necessary (**1st Reading**).

Mr. Miller, Planning Director, shared details of this request. The applicant would like to construct a 3,110 square foot home along with a proposed guest quarters/secondary living unit (that is proposed to be 626 square feet). Council is asked to evaluate the proposed size, location and architecture when compared to other, existing homes nearby in the established subdivision. According to Subsection 04.01(B), Lots Less Than Five Acres, of Article 06, Parking and Loading, garages located in single family districts must be located 20-feet behind the front façade of the building. In the current request, the proposed garage is located 8-feet, ½-inch in front of the front façade of the home. In this case, the proposed garage is situated 8-feet, ½-inch in front of the front façade of the home which will require a variance from the Planning and Zoning Commission. When looking at this non-conformity, staff should point out that this is not uncommon along the existing housing on S. Clark Street and staff does not feel this will create a negative impact within the subdivision. Guest Quarters/Secondary Living Unit are permitted to be 30.00% of the square footage of the primary structure. In this case, the applicant is permitted a 933 SF Guest Quarters/Secondary Living Unit (i.e. 3,110 SF x 30.00% = 933 SF) based on the operational conditions for a Guest Quarters/Secondary Living Unit. With that being said, the applicant is only requesting a 626 SF Guest Quarters/Secondary Living Unit, which represents 20.13% of the primary structure. This is approximately 9.87% less than what the Unified Development Code (UDC) allows. Mr. Miller went on to share that staff mailed out 84 notices to adjacent land and property owners located within 500' of the subject property, but – as of tonight – staff has received no responses in return.

Mayor Johannesen opened the public hearing, but no one expressed a desire to speak, so he closed the public hearing. Mayor Pro Tem Jorif then moved to approve Z2025-015. Councilmember Thomas seconded the motion. The ordinance caption was read as follows:

CITY OF ROCKWALL  
ORDINANCE NO. 25-XX  
SPECIFIC USE PERMIT NO. S-3XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE (UDC) [ORDINANCE NO. 20-02] OF THE CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) FOR RESIDENTIAL INFILL IN AN ESTABLISHED SUBDIVISION TO ALLOW THE CONSTRUCTION OF A SINGLE-FAMILY HOME AND GUEST QUARTERS/SECONDARY LIVING UNIT ON A 0.42-ACRE PARCEL OF LAND, IDENTIFIED AS LOT 2, BLOCK

1, SHAW ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; AND MORE SPECIFICALLY DESCRIBED AND DEPICTED IN *EXHIBIT 'A'* OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS (\$2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion to approve passed by a vote of 7 ayes to 0 nays.

6. **Z2025-016** - Hold a public hearing to discuss and consider a request by Ryan Joyce for the approval of an ordinance for a Specific Use Permit (SUP) for an *Accessory Building* on a 2.71-acre parcel of land identified as Lot 6, Block B, Northgate Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 88 (PD-88) [*Ordinance No. 19-26*] for Single-Family 1 (SF-1) District land uses, addressed as 2201 Sanderson Lane, and take any action necessary (**1st Reading**).

Planning Director, Ryan Miller provided background information regarding this agenda item. The structure is a total of 5,300 SF in size, where the enclosed building is 4,000 SF and the canopy is 1,300 SF. The accessory structure is situated on a concrete foundation, has an approximate total height of 24.42-feet or 19.21-feet at the midpoint of the roof, and incorporates a 3:12 roof pitch. The proposed building elevations provided by the applicant indicate the front façade will be faced in stone, the front columns for the canopy will have stone footings, and there will a stone wainscot on the side facades.

The applicant, a minor named Asher Joyce, came forth to request approval of this structure, explaining that it will be used to house his “AG” animals.

His father, Ryan Joyce, then came forth and provided some additional details to Council, in part showing a photo that explains the lower roof pitch being proposed. Asher thanked Council for its time and consideration.

Mayor Johannsen opened the public hearing, but no one expressed a desire to speak. So he closed the public hearing.

Councilmember Lewis moved to approve Z2025-016. Councilmember McCallum provided brief comments and received an answer to a brief question. He then seconded the motion. The ordinance caption was read as follows:

CITY OF ROCKWALL  
ORDINANCE NO. 25-XX  
SPECIFIC USE PERMIT NO. S-3XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING PLANNED DEVELOPMENT DISTRICT 88 (PD-88) AND THE UNIFIED DEVELOPMENT CODE (UDC) [*ORDINANCE NO. 20-02*] OF THE CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) FOR AN ACCESSORY BUILDING ON A 5.222-ACRE PARCEL OF LAND IDENTIFIED AS LOT 6, BLOCK B, NORTHGATE ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; AND MORE SPECIFICALLY DEPICTED AND DESCRIBED IN *EXHIBIT 'A'* OF THIS ORDINANCE; PROVIDING FOR SPECIAL

CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS (\$2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion to approve passed by a vote of 7 ayes to 0 nays.

**XIV. Adjournment**

Mayor Johannesen adjourned the meeting at 8:03 p.m.

## MEMORANDUM

---

**TO:** Mayor and Council

**FROM:** Joey Boyd, Assistant City Manager

**DATE:** April 30, 2025

**SUBJECT:** The Harbor Parking Lot

---

Attached for City Council consideration is an ordinance that limits overnight parking of certain commercial vehicles on the public parking lot at The Harbor. There have been numerous instances over the last year of individuals storing their truck and/or truck / trailer in the City's parking lots located within The Harbor District, specifically at Shoreline Trail and Summer Lee Drive, which is shown in the attached exhibit. This is an asphalt parking lot designed for passenger vehicles and not storage of heavy commercial trucks.

Neighborhood Improvement Services has been monitoring the situation during this time and placed Notice of Violation stickers on trucks/trailers being stored in the parking lots. The use of the Notice of Violation stickers resulted in multiple trucks/trailers leaving the premises and not returning; however, additional actions were necessary to address a couple of individuals that failed to remove their vehicles after we stickered them. One was a large, refrigerated truck, that was observed parking in the City lot on multiple occasions. After NIS stickered the vehicle twice and attempted to contact the vehicle owner to discuss, a citation was issued. The other case that resulted in a citation being issued was a wood floor contractor that parked/stored their fully wrapped vehicle and trailer in the city lot, with what appeared to be an attempt to advertise their business. That owner failed to remove the stored vehicle in a timely manner, after an NIS officer placed a Notice of Violation sticker on it. These vehicles do not seem to be associated with business being conducted within The Harbor District, but rather a storage space for commercial operators. In another instance, multiple vehicles were registered to an individual living in a neighborhood near The Harbor.

While we are seeing better compliance currently, this ordinance allows for towing of commercial vehicles being stored, specifically semi-tractor / trailers parked on public parking between the hours of 5pm and 6am. This proposed ordinance does not affect recreational vehicles. This further provides spaces for patrons of the restaurants, shops, and outdoor entertainment opportunities at The Harbor. If approved, signage will be added to the parking lot leading up to enforcement.

**TO:** Mayor and City Council

**DATE:** May 5, 2025

**APPLICANT:** David Gamez

**CASE NUMBER:** Z2025-012; *Specific Use Permit (SUP) for a Residential Infill at 614 Boydston Avenue*

---

### **SUMMARY**

Hold a public hearing to discuss and consider a request by David Gamez for the approval of a Specific Use Permit (SUP) for *Residential Infill in an Established Subdivision* on a 0.17-acre parcel of land identified as Lot 3, Block A, Gamez Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, situated within the Southside Residential Neighborhood Overlay (SRO) District, addressed as 614 E. Boydston Avenue, and take any action necessary.

### **BACKGROUND**

According to the City's annexation ordinances and the 1934 Sanborn Maps, the subject property was platted as part of the B.F. Boydston Addition prior to 1959 and after 1934. Per the City's historic zoning maps, the subject property was originally zoned Commercial (C) District as of January 3, 1972. Between this date and December 7, 1993, the subject property was rezoned from a Commercial (C) District to a Single-Family 7 (SF-7) District and has remained zoned Single-Family 7 (SF-7) District since this change. The subject property has been situated within the Southside Residential Neighborhood Overlay (SRO) District since its inception on June 3, 1996 by *Ordinance No. 96-12*. On November 20, 2023, the City Council approved a Replat [*i.e. Case No. P2023-034*] establishing two (2) lots on the subject property.

### **PURPOSE**

The applicant -- *David Gamez* -- is requesting the approval of a Specific Use Permit (SUP) for the purpose of constructing a single-family home on the subject property in accordance with Subsection 02.03(B)(11), *Residential Infill in or Adjacent to an Established Subdivision*, of Article 04, *Permissible Uses*, of the Unified Development Code (UDC).

### **ADJACENT LAND USES AND ACCESS**

The subject property is addressed as 614 E. Boydston Avenue. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is E. Boydston Avenue, which is identified as a *Minor Collector* on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this are six (6) parcels of land (*i.e. 611, 613, 615, 615, 619, 621, & 627 E. Boydston Avenue*) developed with single-family homes and one (1) vacant lot (*i.e. 617 E. Boydston Avenue*). All of these properties are zoned Zero Lot line (ZL-5) District. North of this is a 0.34-acre parcel of land (*i.e. Lot N of the B.F. Boydston Subdivision*) which is identified as an abandoned roadway.

South: Directly south of the subject property is the Ridgell Subdivision, which consists of seven (7) lots that are situated on 1.67-acres of land. Beyond this is the Strange Denson Addition, which consists of one (1) lot [*i.e. 713 Sherman Street*], is 100% developed, and has been in existence since October 15, 1990. All of these properties are zoned Single-Family 7 (SF-7) District. South of this is a 7.00-acre tract of land which belongs to the Dallas-Garland & northeastern Railroad and is zoned Planned Development District 52 9PD-52).

East: Directly east of the subject property is a 1.132-acre tract of land (*i.e. Lots A 7 C, Block 110, B.F. Boydston Addition*) developed with a commercial property. Beyond this is a 0.1377-acre parcel of land (*i.e. Block 110 of the*

*B.F. Boydston Addition*) which is also developed with a commercial property. Both of these parcels are zoned Planned Development District 52 (PD-52). East of this is S. Clark Street, which is identified as a R2U (*i.e. residential, two [2] lane, undivided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

West: Directly west of the subject property is Sherman Street, which is identified as a R2U (*i.e. residential, two [2] lane, undivided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this is the Lamar Street Habitat No. 1 Subdivision, which consists of 112 residential lots and is zoned Single-Family District 7 (SF-7) District. West of this is Lamar Street, which is identified as a R2U (*i.e. residential, two [2] lane, undivided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

## **CHARACTERISTICS OF THE REQUEST AND CONFORMANCE TO THE CITY'S CODES**

Article 13, *Definitions*, of the Unified Development Code (UDC) defines *Residential Infill in or Adjacent to an Established Subdivision* as "(t)he new development of a single-family home or duplex on an existing vacant or undeveloped parcel of land or the redevelopment of a developed parcel of land for a new single-family home or duplex within an established subdivision that is mostly or entirely built-out." An *established subdivision* is further defined in Subsection 02.03(B) (11) of Article 04, *Permissible Uses*, of the UDC as "...a subdivision that consists of five (5) or more lots, that is 90.00% developed, and that has been in existence for more than ten (10) years." In this case, the subject property is adjacent to the Ridgell Subdivision, which is 100% developed, consists of 7 residential lots, and has been in existence for more than ten (10) years. The *Permissible Use Charts* contained in Article 04, *Permissible Uses*, of the UDC, requires a Specific Use Permit (SUP) for *Residential Infill in or Adjacent to an Established Subdivision* in all single-family zoning districts, the Two-Family (2F) District, the Downtown (DT) District, and the Residential-Office (RO) District. This property, being within an established subdivision, requires a Specific Use Permit (SUP).

In addition, Subsection 02.03(B)(11) of Article 04, *Permissible Uses*, of the UDC states that, "...the Planning and Zoning Commission and City Council shall consider the proposed size, location, and architecture of the home compared to the existing housing ... [and] (a)ll housing proposed under this section [*i.e. Residential Infill in or Adjacent to an Established Subdivision*] shall be constructed to be architecturally and visually similar or complimentary to the existing housing ..." The following is a summary of observations concerning the housing within close proximity of E. Boydston Street compared to the house proposed by the applicant:

Housing Design and Characteristics	Existing Housing in Close Proximity to the Subject Property	Proposed Housing
Building Height	One (1) and Two (2) Story	One (1) Story
Building Orientation	All homes face onto the street they front on.	The front elevation of the home will face onto E. Boydston Street.
Year Built	1980- 2020	N/A
Building SF on Property	980 SF – 19,586 SF	1,031 SF
Building Architecture	Single Family Homes, Two (2) Vacant Lots, and Two (2) Commercial Properties	Comparable Architecture to the surrounding Single-Family Homes
Building Setbacks:		
Front	20-Feet	20-Feet
Side	6- feet	6-Feet
Rear	10-Feet	X>10-Feet
Building Materials	Brick, Siding, Stone and Metal	Board and Batten Siding
Paint and Color	Brown, Red, White, Orange, Yellow	N/A
Roofs	Composite Shingles and Metal Roofs	Composite Shingle
Driveways/Garages	Driveways all front the same street the single-family home faces. Homes consist of front entry garages, j-swing garages, or no garages.	The proposed garage will be a front entry garage and will face onto E. Boydston Street.

Staff should note that the proposed single-family home meets all of the density and dimensional requirements for the Single Family 7 (SF-7) District as stipulated by the Unified Development Code (UDC). For the purpose of comparing the proposed home to the existing single-family housing located adjacent to or in the vicinity of the subject property, staff has provided photos of the properties along E. Boydston Avenue, Sherman Street, and S. Clark Street and also provided the proposed

building elevations in the attached packet. The approval of this request is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission and a finding that the proposed house will not have a negative impact on the existing subdivision.

## **NOTIFICATIONS**

On March 18, 2025, staff mailed 76 notices to property owners and occupants within 500-feet of the subject property. Staff also notified the Park Place Homeowners Association (HOA), which is the only HOA within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was drafted, staff had received one (1) notice in favor and two (2) notices in opposition to the applicant's request. Additionally, staff received one (1) notice of opposition to the request, citing concerns about the home featuring a carport. However, they indicated that they would support the proposal if the plans were revised to include an attached garage. The current elevations of the proposed home now show that an attached garage has been incorporated.

## **CONDITIONS OF APPROVAL**

If City Council chooses to approve of the applicant's request for a Specific Use Permit (SUP) for *Residential Infill in an Established Subdivision*, then staff would propose the following conditions of approval:

- (1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the Specific Use Permit (SUP) ordinance and which are detailed as follows:
  - (a) Development of the *Subject Property* shall generally conform to the *Residential Plot Plan* as depicted in *Exhibit 'B'* of the draft ordinance.
  - (b) Construction of a single-family home on the *Subject Property* shall generally conform to the *Building Elevations* depicted in *Exhibit 'C'* of the draft ordinance.
  - (c) Once construction of the single-family home has been completed, inspected, and accepted by the City, the Specific Use Permit (SUP) shall expire, and no further action by the property owner shall be required.
- (2) Any construction resulting from the approval of this Specific Use Permit (SUP) shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

## **PLANNING AND ZONING COMMISSION**

On April 15, 2025, the Planning and Zoning Commission approved a motion to table the Specific Use Permit (SUP) by a vote of 6-0, with Commissioner Thompson absent.

On April 29, 2025, the Planning and Zoning Commission approved a motion to approve the Specific Use Permit (SUP) by a vote of 4-1, with Commissioner Hagaman dissenting, Commissioner Hustings absent, and one (1) vacant seat.

Re: Z2025-012

Dear Zoning Commissioners,

I my name is Corky Randolph. I live at 621 E. Boydston Avenue, and I am writing to express my opposition to the following case:

**Z2025-012 (ANGELICA GUEVARA)**

Hold a public hearing to discuss and consider a request by David Gamez for the approval of a Specific Use Permit (SUP) for Residential Infill in an Established Subdivision on a 0.17-acre parcel of land identified as Lot 3, Block A, Gamez Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, situated within the Southside Residential Neighborhood Overlay (SRO) District, addressed as 614 E. Boydston Avenue, and take any action necessary.

I live across the street from Mr. Gamez. My house was constructed in 2017 by Scott Lewis Custom Homes. My home was designed to fit the residential infill zoning per the City of Rockwall's requirements at the time and was constructed with a mix of masonry and brick and has a "J Swing" garage entry and setbacks that were dictated by the city. Below is a current photograph of my home.

Over the past 10-15 years, all the homes that have been built on the north side of Boydstun Avenue and one on the southside of Boydstun, have been built to this standard. Please see the photos of my neighbor's houses below:

**627 E. Boydstun Ave.**

**619 E. Boydston Ave.**

**615 E. Boydstrun Ave,**

**613 E. Boydston Ave.**

**611 E. Boydston Ave.**

**610 E. Boydston Ave.**

Please keep in mind that all these homes are directly across the street from Mr. Gamez' (the applicant's) existing home. At present time, I don't believe that Mr. Gamez' current home would meet the criteria if it were built today. Please see the photos of Mr. Gamez' home as it sits today.

As is visible, Mr. Gamez' additions to his current home could never have went through the permitting procees. I don't believe that his home at present is in compliance with City of Rockwall building standards. Mr. Gamez has a wooden fence in front in order to store outside materials etc. at his home and doesn't use his carport as a carport. In fact, his current carport is blocked by a permanant fence and his driveway is gravel, again not something that would be permitted today. The fence is dilapidated and in part is missing the planks. Mr. Gamez now would like to replat his current lot into two lots and improve it with a 1,300 +/- square foot home, with no brick/stone, a pull through carport, and no garage. I fear that if the replat is approved and that the proposed home, as designed would look like Mr. Gamez' current home.

Please know that my neighbors and myself appreciate the way that the City of Rockwall has gone through the process with some of the residential infill in Old Town and The Southside. The newly approved properties are minimum 1,800 square feet and have garages at the very least. Gentrification of this area is happening and it can happen the correct way as long as we adhere to the standards that have been previously approved and is evidenced by the photos of my home and my neighbor's homes. This in turn adds to the property values of Mr. Gamez's home and the surrounding ones. I would like to see Mr. Gamez comply with previously approved building standards before a replat is granted. This way, ALL of the adjacent property owners can have input as to what will be built adjacent to our homes and on this beautiful street neighborhood street.

Please accept this letter as my formal opposition to Mr. Gamez' request.

Sincerely,

J. Corky Randolph

### PLANNING AND ZONING DEPARTMENT

PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

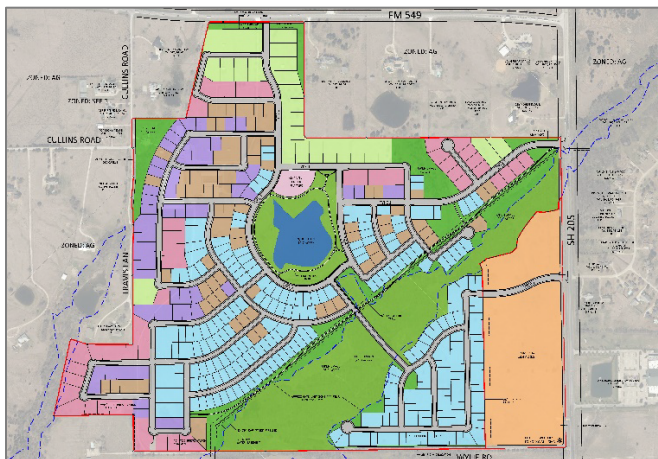

**TO:** Mayor and City Council

**FROM:** Ryan Miller, *Director of Planning and Zoning*

**DATE:** May 5, 2025

**SUBJECT:** MIS2025-008; *Alternative Tree Mitigation Settlement Agreement for the Southside Hills Subdivision*

On April 17, 2025, the applicant -- *Brian Cramer of CCD - Rockwall LLC* -- submitted a development application requesting an *Alternative Tree Mitigation Settlement Agreement* for the Southside Hills Subdivision. The Southside Hills Subdivision was established by the City Council on October 3, 2022 through the adoption of *Ordinance No. 22-51 [Planned Development District 99 (PD-99); Case No. Z2022-039]*. According to this Planned Development (PD) District ordinance, the Southside Hills Subdivision is a 264.51-acre residential subdivision that will consist of 384 residential lots with a gross density of 1.45 dwelling units per acre (see *Figure 1*). These lots will consist of five (5) lot types: [1] 43, *Type 'A'* lots that will be a minimum of 130' x 240' (or 43,560 SF), [2] 26, *Type 'B'* lots that will be a minimum of 110' x 190' (or 24,000 SF), [3] 66, *Type 'C'* lots that will be a minimum of 80' x 115' (or 11,000 SF), [4] 43, *Type 'D'* lots that will be a minimum of 80' x 110' (or 9,600 SF), and [5] 206, *Type 'E'* lots that will be a minimum of 62' x 110' (or 7,200 SF). In addition, the development will consist of a minimum of 52.90-acres of open space that includes a 1.10-acre amenity site and a 11.60-acre public park. Currently, the subject property remains undeveloped, and the applicant has received approval for a *Preliminary Plat [Case No. P2024-042]* and a *Master Plat [Case No. P2024-043]*. Based on the most recent aerial image, the subject property has a thick tree canopy, the majority of which is located within the 100-year floodplain (see *Figure 2*).

**FIGURE 1: CONCEPT PLAN**

**FIGURE 2: AERIAL IMAGE OF THE SUBJECT PROPERTY**

According to Section 05, *Tree Mitigation Requirements*, or Article 09, *Tree Preservation*, of the Unified Development Code (UDC), for every protected canopy tree over four (4) caliper inches removed, *inch-for-inch* replacement shall be required, and any Eastern Red Cedar over eight (8) feet in height must be replaced with a four (4) inch caliper canopy tree. That being said, the UDC grants *Tree Preservation Credits* "(f)or each saved oak, pecan or elm tree(s) 25-inches DBH or greater the mitigation balance can be reduced on an inch-for-inch basis for up to 20.00% of the total mitigation balance..." In this case, the applicant has completed a preliminary tree survey that estimated 17,552.7 caliper inches would be removed with the development of the subject property. In addition, a 20.00% *Tree Preservation Credit* can be applied for the trees being preserved in the floodplain areas. This brings the total estimated mitigation balance down to 14,042.16 caliper inches. Included with the applicant's submittal is a landscape plan that delineates all of the proposed canopy tree plantings within the subdivision. This includes all of the landscape buffers, open space lots, the public park, and the lot trees (*i.e. three (3) trees per lot*). Based on the provided landscape plan, 438 canopy trees will be planted within the landscape buffers, 277 trees will be planted on the open space lots and the public park, and 1,152 canopy trees will be planted on the residential lots. This equates to a total of 1,867 canopy trees

or 7,468 caliper inches. This brings the total mitigation balance of 14,042.16 caliper inches to 6,574.16 caliper inches (*i.e.*  $14,042.16 - 7,468 = 6,574.16$ ). In accordance with *Tree Mitigation Requirements*, the applicant would be permitted to purchase "...up to 20.00% of the total replacement inches," at \$100.00 per inch, and the remaining 80% must be planted on-site. In this case, the applicant would be required to plant 11,233.73 caliper inches or 2,809 trees and pay a fee of \$280,843.20 (*i.e.*  $[14,042.16 \text{ caliper inches} * 20\%] * \$100.00 = \$280,843.20$ ). In this case, the applicant's remaining mitigation balance is 6,574.16 caliper inches or \$657,416.00. This exceeds the 20.00% purchase limit described above. Given this, the applicant is requesting an *Alternative Tree Mitigation Settlement Agreement* in accordance with Section 05(G), *Tree Mitigation Requirements*, or Article 09, *Tree Preservation*, of the Unified Development Code (UDC). In lieu of paying the remaining balance, the applicant is requesting to install additional park improvements above and beyond what is required by the Planned Development District 99 (PD-99) Ordinance [Ordinance No. 22-51].

According to the Planned Development District 99 (PD-99) Ordinance [Ordinance No. 22-51] the applicant is required to amenitize the 11.60-acre public park with [1] a six (6) foot concrete hike & bike trail, [2] a playground, [3] a plaza area, [4] a covered pavilion, [5] a picnic area, [6] benches, and [7] landscape features (*e.g. trees and other vegetation*). Based on the *Park Concept Plan* submitted by the applicant, all of these items have been provided and delineated on the plan, which have an estimated installation cost of \$500,000.00. In addition to the required park improvements, the applicant is proposing to [1] increase the size of the hike and bike trail to eight (8) feet, [2] provide a lake overlook area, and [3] a rock skipping installation. The applicant has estimated the installation cost of the additional improvements as \$750,000.00. This would bring the total park improvement costs to \$1,250,000.00. In addition, the applicant indicated that if the final installation cost is less than \$1,250,000.00 then the remaining balance will be paid to the City. Staff should note that the requested additional improvements are greater in value than the estimated remaining tree mitigation balance fee by \$92,584.00 (*i.e.*  $\$750,000.00 - \$657,416.00 = \$92,584.00$ ). In addition, at the time Planned Development District 99 (PD-99) was approved (*i.e.* October 3, 2022), the minimum required trail size was six (6) feet; however, following this approval the required minimum trail size was increased to eight (8) feet with the approval of the updated *Subdivision Ordinance* [Ordinance No. 23-21]. Given that PD-99 was approved before this code change, they were vested under this requirement. As part of the applicant's *Alternative Tree Mitigation Agreement* request they are proposing to increase the trail size to eight (8) feet to meet the current code requirements.

FIGURE 3: PARK CONCEPT PLAN

According to Subsection (G), *Alternative Tree Mitigation Settlement Agreement*, of Article 09, *Tree Preservation*, of the Unified Development Code (UDC), "(i)n certain cases, the City Council -- upon recommendation from the Planning and Zoning Commission -- may consider an *Alternative Tree Mitigation Settlement Agreement* where, due to hardship, the applicant is unable to meet the requirements of this Article or where it is determined that adherence to the tree mitigation requirements will create a hardship for an applicant. These funds will be deposited in the City's tree mitigation fund and will be used for planting trees in the City's parks, medians, streets rights-of-way, or other similar areas as determined by the Parks and Recreation Department." In reviewing the applicant's request, it does appear that it may warrant consideration and may provide benefit to both the City and the applicant; however, all requests for an *Alternative Tree Mitigation Settlement Agreement* are discretionary decisions for the City Council pending a recommendation from the Planning and Zoning Commission. On April 29, 2025, the Planning and Zoning Commission approved a motion to recommend approval of the *Alternative Tree Mitigation Settlement Agreement* by a vote of 5-0, with Commissioner Husting absent and one (1) vacant seat. Should the City Council have any questions concerning the applicant's request, staff and the applicant will be available during the May 5, 2025 City Council meeting.

Re: Southside Hills Tree Mitigation

Dear Mr. Miller:

Corson Cramer Development (CCD) is requesting an Alternative Tree Mitigation Settlement Agreement for the Southside Hills Subdivision. Southside Hills was established by the City Council on October 3, 2022 through the adoption of Ordinance No. 22-51 (Planned Development District 99 for Single Family 10 (SF-10) District and Commercial (C) District land uses, on a 264.510-acre tract of land identified as Tracts 17-13 [50.00-Acres], 17-14 [26.452-Acres], 17-15 [134.33-Acres], 17-16 [43.60-Acres], & 40-8 [8.79-Acres] of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas.

The Single Family portion will have 384 lots representing a density of 1.45 dwelling units per gross acre consisting of five lot types: Type A – (43) will be a lot area of 43,560 SF with minimum dimensions of 130' x 240', Type B – (26) will be a lot area of 24,000 SF with minimum dimensions of 110' x 190', Type C (66) will be a lot area of 11,000 SF with minimum dimensions of 80' x 115', Type D (43) will be a lot area of 9,600 SF with minimum dimensions of 80' x 110' and Type E (206) will be a lot area of 7,200 SF with minimum dimensions of 62' x 110'.

Lot Composition

<i>Lot Type</i>	<i>Minimum Lot Size (FT)</i>	<i>Minimum Lot Size (SF)</i>	<i>Dwelling Units (#)</i>	<i>Dwelling Units (%)</i>
<i>A</i>	130' x 240'	43,560 SF	43	11.2%
<i>B</i>	110' x 190'	24,000 SF	26	6.8%
<i>C</i>	80' x 115'	11, 000 SF	66	17.2%
<i>D</i>	80' x 110'	9,600 SF	43	11.2%
<i>E</i>	62' x 110'	7,200 SF	206	53.6%
<i>Maximum Permitted Units:</i>			<i>384</i>	<i>100.00%</i>

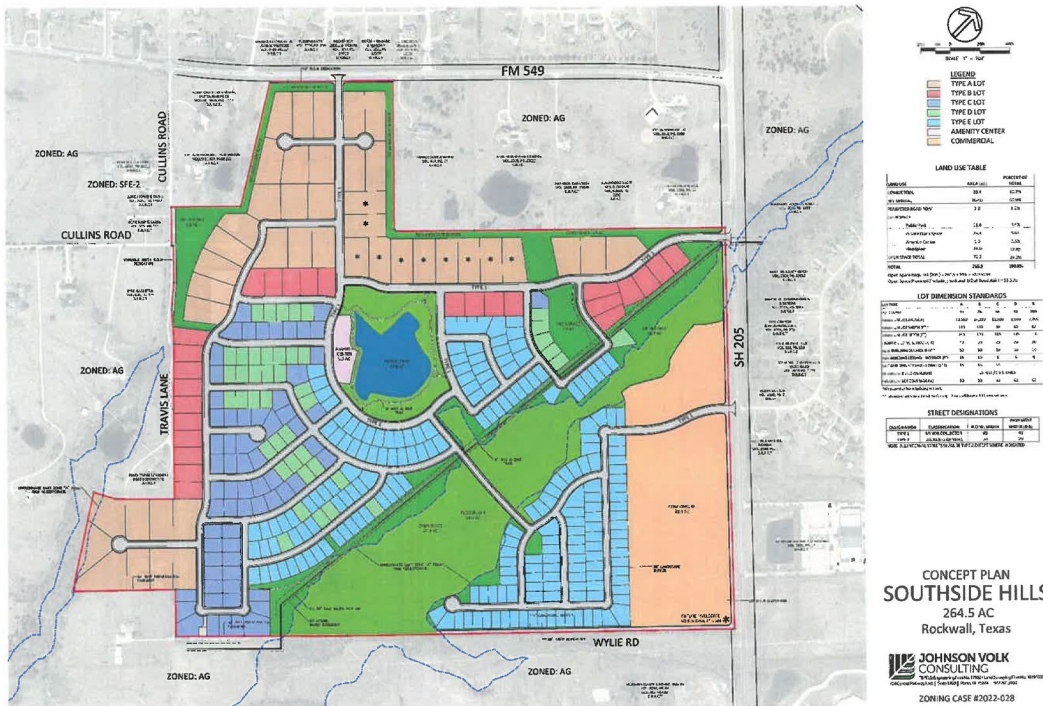

In addition, per the PD, the community will have a minimum of 20% open space or 52.9 acres. The current plan calls for 73.8 acres of open space consisting of a public park, amenity center, private open space and floodplain.

The public park will be 11.6 acres and shall be developed with the first phase of the proposed subdivision and shall have fully established natural turf (*e.g. seeding process*) and be irrigated in accordance with the requirements of the Parks and Recreation Department of the City of Rockwall. This area shall also incorporate the following improvements:

- (a) A Six (6) Foot Concrete *Hike & Bike Trail*.
- (b) A Playground.
- (c) A Plaza Area.
- (d) A Covered Pavilion.
- (e) A Picnic Area.
- (f) Benches.
- (g) Landscape Features (*e.g. Trees and Other Vegetation*).

These components were approved in the PD ordinance mentioned herein. Below is the concept plan from the PD,

Exhibit 'C':  
Concept Plan

After significant input and collaboration with City of Rockwall staff and the Parks Department, a park plan was designed that we believe will be highly desirable and unique to Rockwall. The highlight of the park will be the Texas-shaped lake that will be improved for public use including walking the trail surrounding the lake. This enhanced lake has the potential to be an iconic landmark for all of Rockwall.

The majority of the area around the lake will be dedicated to public use of all ages consisting of 11.6 acres (private amenity area of 1.1 acres is depicted in green on the exhibit below). The Pavillion and Plaza area will be ideal for picnics and nature watching or just being close by to children playing on the multi-age Playground. There will be ample Benches when it is time to relax.

As part of the discussions with City staff, CCD will increase the width of the Hike and Bike Trail from six feet to eight feet along with creating an overlook area for nature watching, fishing, or a unique rock skipping feature. This one-of-a-kind concept will include a seating area with tiered steps down to the water's edge and piers/poles in the water to measure your rock-skipping ability.

CCD is excited for the potential of this park to be a landmark for Rockwall and a defining enhancement for the Southside Hills community. See below for the park concept plan and renderings.

The open space area of the community along with the trees on the lots will be substantial. There will be significant costs associated with having the trees surveyed and marked in accordance with the ordinance requirements. In lieu of conducting an exhaustive tree survey, we propose upgrading the park and adding additional elements as described above. CCD will commit to spending \$1,000,000 worth of improvements to satisfy the tree mitigation obligations along with the equipment fee requirement. If CCD does not incur the stated amount, then a check for the shortfall will be submitted to the City. The \$1,000,000 will only apply to the public park elements and not the private amenities. The private amenities will be a separate budget.

We appreciate your consideration and look forward to working with the City on this project.

Sincerely,

Corson Cramer Development

**Rockwall City Council, Place 6**

May 2, 2025

Rockwall Mayor and City Council  
385 South Goliad Street  
Rockwall, TX 75087

**RE: Request to miss three consecutive council meetings**

Dear Rockwall Mayor and City Council Members,

In light of existing provisions within the City Charter and an upcoming summer trip I have planned, I'm writing to respectfully ask for your consideration of the request outlined below.

**Sec. 3.05** of the **City Charter** reads, in part, as follows:

(2) If any member of the City Council is absent from three consecutive regular meetings, without explanation acceptable to a majority of the remaining Council members, his office will be declared vacant at the next regular meeting of the Council. (Amended, 1988)

Please know I will be out of the country for several weeks on a trip, and, as a result, will be absent from the following, regularly-scheduled City Council meetings:

- Monday, June 2, 2025
- Monday, June 16, 2025 and
- Monday, July 7, 2025.

I respectfully request Council consideration of my being absent from the three, aforementioned city council meetings, and that you please consider me to be "excused" with no adverse impacts related to my ongoing council member duties upon my return.

I appreciate serving as Rockwall City Council Member, Place 6 and look forward to continuing to work with all members of city council and our citizens to make Rockwall the very best.

Thank you for your consideration.

Respectfully submitted,

Anna Campbell

## MEMORANDUM

---

**TO:** Mayor and Council Members

**FROM:** Mary Smith, City Manager

**DATE:** May 2, 2025

**SUBJECT:** March 2025 Quarterly Budget Report

---

The following analysis is offered for the period ended March 31, 2025 budget report. The budget is established in broad categories with line item estimates. In each category actual expenses as a whole should be considered rather than at the line item level. The typical budget threshold for this period is 50%. The below categories exceed the threshold but most are not unusual for this time of year. Those line items which may require increases or off-setting decreases will be developed as we move through the budget setting process for the next fiscal year.

### General Fund Revenues

- All revenues are coming in at or above expected levels with a few exceptions. Overall revenues are at 65% of budget due to the timing of property tax payments early in the year and stronger than projected Building Permit revenue.
- Sales tax – we budgeted a slight increase in sales tax revenue but we've experienced several months of lower than projected sales tax followed by the last two months of increases. We remain cautiously optimistic that we will hit budget projections.
- Construction inspection fees are well ahead of budget projections due to several larger projects which began this year including more than \$147,000 from the IKEA project and \$188,000 from the Quail Hollow development.

### General Fund Expenditures

There are not any remarkable variances from budgeted expenditures. Overall, the General Fund is running at 50.3% for 2 quarters of the budget year.

The exception is generally the Contractual's category which includes the annual insurance coverages and annual maintenance agreements in the various budgets.

### Water / Sewer Revenues

- Water sales – sales are on pace with other winter and early spring rainy seasons. The majority of our revenue is from July – September consumption. With the dry, hot weather this summer should be no exception. The majority of sales to wholesale customers also takes place June – September and will benefit from the summer weather but that bump is tempered by the contract maximum provisions.
- Impact fees – are up due to the increased building permit activity as the fees are paid as the permit is issued.

#### Water / Sewer Expenditures

- Generally, these accounts are within normal ranges for this period. NTMWD requires payments in advance for the various services they provide so those categories can seem ahead of budget projections but that will resolve itself when we pay the 12<sup>th</sup> invoice in August.
