SPECIAL NOTICE

A Confidential Questionnaire submitted by an individual or business entity must contain all of the assets and all of the liabilities of the individual or business entity.

Asset and financial information provided is considered confidential under the law and will not be voluntarily disclosed to other person(s).

Any corporation, limited partnership, or limited liability company be registered with the Texas Secretary of State prior to prequalifying or requalifying with the Texas Department of Transportation.

A Texas Attorney General's opinion permits a foreign corporation to become a qualified bidder with the Department and to be issued bidding documents prior to registering the corporation to do business in this state; however, the corporation must register to do business in Texas prior to the execution of a contract with the Department. In this instance, the foreign corporation should ascertain the availability of its name in Texas and submit its questionnaire under that name. If the contractor has not yet registered the corporation, he/she must file a name registration with the Texas Secretary of State. This name registration must be renewed continually until the corporation becomes registered.

WARNING TO BIDDERS

The signer of this Confidential Questionnaire guarantees, as evidenced by the sworn affidavit required herein, the truth and accuracy of all statements and of all responses made in the questionnaire.

In order for a contractor to be considered eligible to bid on Texas Department of Transportation work, he/she must file a satisfactory Confidential Questionnaire using this form, along with the required financial statements, with the Texas Department of Transportation at Austin, Texas. The financial statement must have a balance sheet date for the last day of any month, and must be on file in Austin 10 days prior to the date bids are to be opened, if a contractor is to be eligible to bid. (See Item 2.2 of the Standard Specifications.) In addition, the statement must be approved for at least one letting prior to its balance sheet anniversary date. The Department interprets this 10 day requirement as being 10 calendar days before the last day of the letting. For example, assume that a contractor wishes to submit bids on projects to be opened on the 12th and/or 13th of July. The statement must be filed by the 3rd day of July in order to be eligible to bid on those projects.

A new statement must be filed annually. If a contractor files a satisfactory statement, he/she will be eligible to bid for a period of 12 months from the date of the statement balance sheet date. Also, contractors are automatically granted a four-month grace period to prepare and submit a new statement.

The contractor should be aware that the four-month grace period will allow him/her to bid in the four consecutive monthly lettings following the anniversary of the statement balance sheet date, inclusive of any cancelled letting date or supplementary lettings, or for a period not to exceed four months from the anniversary of the statement balance sheet date. The contractor may bid on locally let projects during grace period time as well. The 10-day requirement must still be met if the contractor desires to submit bids in lettings following the grace period.

If discrepancies are found in this Confidential Questionnaire, the questionnaire will be considered unsatisfactory, and the contractor will be ineligible to bid until the discrepancies are satisfactorily explained to this Department.

In compiling a Confidential Questionnaire, all items must be completed and "Total Assets" must equal "Total Liabilities and Equity." If there is nothing to report in certain schedules, then make the notation "None" or "N/A." The amount shown for each item must be actual, as taken from the company's books and verified, and must not be "approximate" amounts.

Firms based outside of the United States must furnish financial information converted to U.S. dollars at the exchange rate as of the balance sheet date. In addition, these firms should obtain the required firm registration as outlined above, and Assumed Name Certificate, if applicable.

In line with the Authorization for Verification and Affidavit of the Confidential Questionnaire, the Department may verify the status of any item contained in the statement. **THIS MAY OCCUR AT ANY TIME DURING THE PERIOD YOUR STATEMENT IS IN FORCE.** Disclosures made during this verification may result in the revision of your approved bidding capacity, or the requirement of a new statement.

INSTRUCTIONS

The Confidential Questionnaire is to be submitted along with audited financial statements by firms wishing to become eligible to bid on all classes of **construction and maintenance** projects, as well as "**emergency**" projects.

Emergency projects result from situations or conditions which pose an imminent threat to life or property of the traveling public or which substantially disrupt the orderly flow of traffic. These projects may require work which must begin instantaneously. These projects may include removal of hazardous material, clearing debris from the roadway, temporary traffic operations, and

mowing to eliminate safety hazards when such work meets the requisites of an emergency. Refueling vehicles may be requested for evacuations. Emergency situations provide for an alternate procedure for the expedited award of contracts to meet conditions in which essential corrective or preventive action would be unreasonably hampered or delayed by compliance with other laws. Contractors wishing to be considered for emergency contracts must furnish a 24-hour phone number and an email address.

Please answer in complete detail all questions in the Confidential Questionnaire. This applies particularly to dates when contracts are expected to be completed, and dates when notes or bills will become due or must be paid.

The financial statements must be audited by an independent certified public accounting firm meeting the requirements for public practice in the United States and registered with the applicable state board of public accountancy. The Department may make adjustments to a contractor's net working capital as deemed necessary as a result of analysis of the full prequalification statement.

In the event affiliated firms desire to prequalify with the Department, they must prequalify based on statements prepared with the same balance sheet date.

For the purposes of the Confidential Questionnaire, two or more bidders are affiliated if:

- (i) the bidders share common officers, directors, or stockholders;
- (ii) a family member of an officer, director, or stockholder of one bidder serves in a similar capacity in another of the bidders;
- (iii) an individual who has an interest in, or controls a part of, one bidder either directly or indirectly also has an interest in, or controls a part of another of the bidders;
- (iv) the bidders are so closely connected or associated that one of the bidders, either directly or indirectly, controls or has the power to control another bidder;
- (v) one bidder controls or has the power to control another of the bidders; or
- (vi) the bidders are closely allied through an established course of dealings, including but not limited to the lending of financial assistance.

A family member is considered to be an individual's parent, parent's spouse, stepparent, stepparent's spouse, sibling, sibling's spouse, spouse, child, child's spouse, spouse's child, spouse's child's spouse, grandchild, grandparent, uncle, uncle's spouse, aunt, aunt's spouse, first cousin, or first cousin's spouse.

Affiliates may not submit bids on the same project. Should we receive bids on the same project from two or more bidders who are affiliated according to one or more of the above definitions, each of the bids will be declared non-responsive and neither will be considered.

If the entity filing this statement holds equity in another company or business, this should be shown under "Other Assets" and sufficient data must be given to thoroughly verify such assets shown. This shall also apply to joint ventures operating as separate entities.

If there is not sufficient space in the Confidential Questionnaire, please use attached schedules to support the detailed information requested, and refer to the specific schedule where the details pertaining to the item total may be found. When attaching these schedules, please furnish detailed addresses when they are requested. Inadequate cross referencing will result in processing delays and the possible return of the statement.

The proper Authorization for Verification and Affidavit block of the Confidential Questionnaire must be executed by the person or persons authorized to do so and must be acknowledged by a Notary Public. The Notary Public must be an individual other than an officer, partner, or LLC manager. All authorized signers must be listed in the appropriate block on page 20 of the Confidential Questionnaire.

The Certification of Absence of Suspension, Debarment, Voluntary Exclusion, or Determination of Ineligibility should be completed if your firm is interested in bidding on federal-aid projects. The certification itself is comprised of two pages. The second page contains a notarization which is separate from the notarization required on the Authorization for Verification and Affidavit.

Please notify this office immediately upon making any changes in the organizational structure of your business entity (i.e., conversion from a corporation to a limited partnership or merger with another firm) in order that bidding proposals may be issued to the correct entity, and that any outstanding contracts may be reassigned to the present name and form of your business. If changes taken place which affect the structure of your firm, your prequalification may be rendered invalid.

SPECIAL NOTICE REGARDING SANCTIONS

Should a contractor become sanctioned at a level 2 or greater, he/she may continue to prequalify with the Department, but will remain ineligible to bid until the expiration of the sanction period.

SPECIAL NOTICE REGARDING SUPPLEMENTAL INFORMATION

In order to expedite and facilitate the prompt approval of your prequalification statement, the following information **MUST** accompany your submission.

FAILURE TO PROVIDE ALL REQUESTED INFORMATION COULD RESULT IN THE RETURN OF YOUR STATEMENT.

1. A complete set of audited financial statements:
 - a. Classified Balance Sheet
 - b. Income Statement
 - c. Statement of Cash Flows
 - d. Statement of Changes in Equity
 - e. Notes to the Financial Statements

Please note that any financial statements submitted to the Department for the purposes of qualification must be prepared by an independent certified public accounting firm in current good standing with the applicable state board of public accountancy. Current licenses for CPA firms may be verified online at <http://www.tsbpa.state.tx.us/php/fpl/frmllookup.php> or <https://cpaverify.org/>.

2. A Confidential Questionnaire completed in detail. In those schedules where there is nothing to report, the notation "None" or "N/A" should be inserted. Failure to complete the Confidential Questionnaire will result in the return of your prequalification statement. Please ensure that the totals in the questionnaire correspond with those totals in the financial statements.
3. A certified copy of your organizational documents (Corporate Charter, Articles of Incorporation, Articles of Organization, Certificate of Formation, LLC Regulations, Certificate of Limited Partnership or Limited Partnership Agreement) if you are a foreign entity filing your initial prequalification statement and your firm does not have a current Certificate of Authority or registration to do business in Texas as issued by the Texas Secretary of State's Office.
4. Resumes reflecting the construction experience of the authorized signers for firms submitting their initial prequalification.
5. The firm's Texas Taxpayer Identification Number as issued by the Texas Comptroller of Public Accounts. This information is necessary to process payments on projects awarded your firm.

7. Your firm's DUNS number as issued by Dun & Bradstreet. This number is used by the Department for required reporting on Federal Aid projects. If you do not yet have one, you may obtain it at www.dnb.com.
8. Other information as requested by the Department.

SPECIAL NOTICE REGARDING THE USE OF ASSUMED NAMES

If the contractor chooses to qualify under an assumed name, and is based in Texas, a certified copy of the Assumed Name Certificate as filed with the County Clerk in the county of residence must be provided with this questionnaire during the initial filing, and upon assumed name renewal. Additionally, if the firm is a corporation, limited partnership, registered limited liability partnership, or a limited liability company (within or outside of Texas), it must also provide proof of filing this assumed name with the Texas Secretary of State. Firms residing outside of Texas using an assumed name must also file an Assumed Name Certificate in the county of their registered or principal office in Texas, and furnish this Department a certified copy of this certificate. If no office is maintained in Texas, this filing should be made with the Travis County Clerk's office in Austin, Texas. Excerpts from the Texas Assumed Business or Professional Name Act are shown included on this form.

**SPECIAL NOTICE REGARDING CERTIFICATION OF ABSENCE OF SUSPENSION,
DEBARMENT, VOLUNTARY EXCLUSION, OR DETERMINATION OF INELIGIBILITY**

The U.S. Department of Transportation has adopted rules concerning nonprocurement debarment and suspension in accordance with the Office of Management and Budget (OMB) guidelines. Under these rules, the Federal Highway Administration will not be able to concur in the award of a contract for any federal aid project to any contractor that is currently suspended or debarred by any federal agency.

As a result of the above, the Department has adopted rules concerning the issuance and submission of proposals that preclude issuing a bidding proposal for a federal aid project to a firm that is currently suspended or debarred by any agency of the federal government. To facilitate the Department's compliance with this rule, it will be necessary for all qualified contractors to complete and file a Certification of Absence of Suspension, Debarment, Voluntary Exclusion, or Determination of Ineligibility with the Construction Division of this Department. This certification is included on page vii of this document. The certification will be incorporated in each bidder's respective file. To avoid delay in receiving bidding proposals for federal aid projects, bidders are encouraged to complete their certifications.
